Water Safety Vietnam Ltd.

Sponsorship and contribution opportunities

Who are we and what do we do?

In Vietnam <u>35 children /day</u> are reported as drowning in circumstances that are almost always preventable. Water Safety Vietnam was set up in 2012 as a volunteer group with the objective of reducing drowning deaths by providing leadership in the education of competent swimming and water safety instructors to deliver high quality teaching and education programmes in Vietnam.

Since 2012 we have trained over 340 adults how to teach children basic water safety, taught over 350 adults CPR techniques, trained over 130 young Vietnamese to full AUSTSWIM qualification and over 1500 children in the basics of water safety and swimming.

As a volunteer organisation every donation is applied directly to our programmes and we value every one, large or small, as this is the only way we can continue with

our work. Any help is therefore appreciated and we especially value our designated sponsors without whose support our programmes become limited in scope. WSV is a registered Australian charity.

Sponsorship levels and benefits

Every donation, either of cash or equipment, is gratefully received but we also have the facility to recognise more significant contributions via three levels of Sponsorship:

GOLD - \$ 15 000 (which is able to fund a year's worth of activities in a village or school)

SILVER - \$ 10 000 (enough to fund two full programmes for a village or school)

BRONZE - \$ 2 000 (provides enough funding for one programme)

Sponsorships include funding travel and accommodation for instructors and costs of the activities in Vietnam such as pool hire and transportation for children.
